Navigating the landscape of periodontal and peri-implant microsurgery: A contemporary review

Published On: May 30, 2024 | Pages: 001 - 005

Author(s): Devadharshini Chandrasekar, Burnice Nalina Kumari*, Jaideep Mahendra, Nikita Ravi and Vijayalakshmi Rajaram

Periodontal and per-implant microsurgery have revolutionized the field of dental surgery, enabling precise and minimally invasive procedures with improved outcomes. The advent of microsurgical instruments, enhanced magnification systems, and specialized suturing techniques has allowed clinicians to achieve superior aesthetic and functional results while minimizing pat ...

Ethics of Care in Time and with Time - or a Sketch of a “Care of Temporality”

Published On: September 21, 2024 | Pages: 006 - 009

Author(s): Damien Le Guay*

Time is both a content and a container, the flow and the framework of flow. It contains time to better let it go. Faced with death, the order of linear time explodes under the onslaught of the emotions that overwhelm us. The guts of time explode. With imminent death, the dramatic nature of time appears in a furious way: time pushes us, sword in our back, towards the p ...
