Mycoplasma and other Intracellular Bacterial Infections in Rheumatic Diseases: Comorbid Condition or Cause?

Published On: June 28, 2017 | Pages: 016 - 017

Author(s): Garth L Nicolson*

Although the causes of rheumatic diseases have remained relatively unknown, systemic intracellular bacterial infections are commonly found in rheumatic disease patients [1-4]. Because of this, certain infections have been confused with comorbid conditions. ...
